ABOUT UNITED WAY OF FREDERICK COUNTY

For over 80 years, United Way of Frederick County (UWFC) has been fighting for the health, education and financial stability of every person in the Frederick County community. In 2017, United Way produced the ALICE (Asset-Limited, Income-Constrained, Employed) Report, which identifies that approximately one out of every three households can no longer afford to live in Frederick County. UWFC's investments and programs are aligned to support and increase the financial stability of ALICE households.
